

Lexan Safety Shield

Model LP-99

- 1/4" unbreakable lexan
- Helps protect personnel from injury by containing debris during testing
- Allows access to the control panel

The lexan safety shield offers protection to the operators of motorized test stands. Access to the test stand controls is still available through the front of the shield. Made of 1/4" lexan, it is virtually unbreakable and will contain the debris from destructive testing. Helps to prevent accidental injuries. Fits all Imada motorized vertical test stands.
